Summary

Frontend Developer specializing in **ReactJS and modern JavaScript development**, with strong experience in building responsive, scalable, and performance-optimized web applications. Skilled in developing reusable UI components, integrating REST APIs, and delivering seamless user experiences using **HTML5, CSS3, Tailwind CSS**, and React ecosystem tools. Solid understanding of full-stack development (**MERN stack**) along with backend frameworks like **Flask and Django**, and database systems including **MongoDB, MySQL, and Firebase**. Strong focus on clean code, UI/UX optimization, debugging, and application performance improvement, with ability to work in fast-paced development environments.

Core Skills

- Build responsive web interfaces using HTML5 and CSS3 with focus on clean and structured UI design.
- Strong knowledge of JavaScript (ES6+) including DOM manipulation and event handling.
- Skilled in ReactJS with component-based architecture, hooks, and reusable UI development.
- Experience integrating REST APIs and handling JSON data with authentication flows.
- Knowledge of state management using Context API and basic Redux/Zustand.
- Proficient in Git, GitHub, Vercel, and browser DevTools for development, deployment, and debugging.
- Able to convert Figma designs into responsive and clean UI components.

Technical Skills

- Languages: **JavaScript (ES6+), Python, C, C#**
- Frontend: **ReactJS, HTML5, CSS3, Tailwind CSS, Streamlit**
- Backend: **Node.js, Express.js, Flask, Django**
- Databases: **MongoDB, MySQL, Firebase**
- APIs: **REST APIs, Performance Optimization, Responsive Design**
- Version Control & Tools: **Git, GitHub, Postman, VS Code, Vercel**
- Concepts: **OOP (Object-Oriented Programming), Data Structures, UI/UX principles**
- Full Stack: **MERN Stack (MongoDB, Express.js, React.js, Node.js)**

Experience

Front-End Developer (ReactJS) - Remote – FederalTec Technology, Dubai,UAE

Nov, 2024 - Dec,2025

- Developed and maintained responsive web applications using ReactJS and modern JavaScript (ES6+), building reusable UI components for scalability and performance
- Integrated REST APIs and third-party services to enable seamless frontend-backend communication and data flow
- Optimized applications for performance, speed, responsiveness, and cross-browser compatibility to enhance user experience
- Collaborated with designers and developers in Agile environments, converting UI/UX designs into production-ready code
- Debugged and resolved application issues while using Git for version control and maintaining efficient development workflows

Education

Master of Computer Applications (MCA) [CGPA: 7.42](#)

2022 – 2024

APJ Abdul Kalam Technological University, Kerala, India

B.Sc Mathematics

2017 – 2020

University of Calicut, Kerala, India

Additional Skills

- Strong problem-solving and debugging ability with quick adaptability to new technologies
- Good communication and teamwork skills in collaborative development environments
- Ability to work efficiently in fast-paced environments while learning and improving continuously

Key Projects

Online ShoppingSite-ReactJS,Node.js,Express.js, MongoDB

- Developed a full-stack e-commerce web application using ReactJS, Node.js, Express.js, and MongoDB with secure authentication, login, checkout, and RESTful API integration for efficient data storage and seamless frontend-backend communication
- Built dynamic product features including search, filtering, cart management, and state management using ReactJS and Node.js backend integration, improving user experience and application usability
- Implemented responsive UI components using ReactJS and optimized backend performance with Node.js, Express.js, and MongoDB, ensuring scalability, speed, and smooth functionality across the application

PortFolio Website- ReactJS, Tailwind CSS

Live URL: <https://majitha-portfolio.vercel.app>

- Developed a modern portfolio website using ReactJS, Vite, and Tailwind CSS, focusing on responsive, mobile-friendly UI/UX and clean design
- Implemented reusable components, optimized structure, and performance enhancements to ensure fast loading, accessibility, and scalability
- Showcased projects and technical skills with optimized layout and deployed on Vercel for high availability and efficient hosting

Additional Information

- Nationality: Indian
- Visa Status: Spouse Visa (husband - sponsored)
- Languages known: English, Malayalam, Hindi
